

STAMFORD School Trips

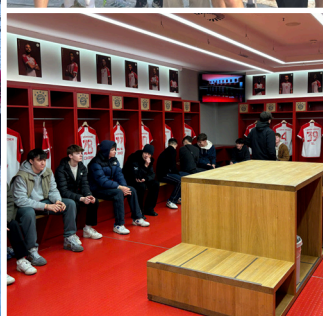

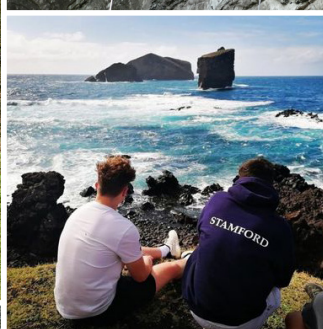

Beyond the Classroom

At Stamford, students enjoy incredible opportunities to explore and grow beyond the classroom.

Our co-curricular activities, from CCF, debating, photography and cooking, to outdoor pursuits like climbing and canoeing, ignite new passions and inspire resilience and teamwork.

Our school trips are a major highlight, with adventures both within the UK and across the globe. From cultural exchanges to field excursions, these experiences bring learning to life and broaden horizons. At Stamford, we believe every student can thrive by getting involved and embracing new challenges together!

Trip Planner

Here is our schedule of school trips by month, based on the adventures of previous years.

These are subject to change, but we hope this information is helpful for initial diary and financial planning purposes. Expressions of interest for all future trips will be communicated to parents and students at the earliest opportunity.

Sharing the Experience

Follow our dedicated Stamford School Trips Instagram account @StamfordSchoolTrips to see photo and video content of what our students are up to whilst they are away.
